From the Director of Agriculture

Letter No Est 329-1426/40-41 Dt 30.8.43

Submits a revised allocation statement for sanction and requests that the small additional amount of Rs 300/- that may be required under Estt in the current year's budget of the Serum Institute, may be met out of the large profits realised by the Institute.

Submitted.

1) The concerned Caseworker of the Department of Agriculture has been requested to furnish a copy of ~~the gra~~ an up-to-date gradation list of the Serum Institute. He has also been reminded over phone to send the gradation list early. He has not yet furnished. However, a dft calling for the gradation list is submitted for orders.

Letter No Est- 329-1426/40-41 Dt 11.11.1943

Forwards gradation list in respect of the officials proposed to be allocated in the revised grades and also of those who are now actually working in the Institute and requests early approval to the proposed allocation.

3) Subject with previous references.

4) Kind reference is invited to office notes in paras 1 to 14 of the Collection A-H1-42-Sb142 and to this Office letter No A-7 No 1446 dated 31-8-42 wherein the Director of Agriculture has been intimated that his previous proposals for allocation of the officials referred to therein cannot be accepted and that the re-organisation must be applied to the officials actually working in the Serum Institute. The Director of Agriculture while forwarding the same allocation statement with slight alterations, states that clerks now actually working in the Institute are either recruits or juniors as could be seen from the gradation list and as such the old officials who actually worked in the Institute and stagnated on fixed pay for several years, ~~there~~ may be given the benefit of the revised grades in preference to the junior clerks who have been posted to the Institute only very recently. "G"

5) The main object of the G.O sanctioning the revision of the scales of pay of the clerical and subordinate technical staff of the Serum Institute was to improve the prospects of officials in the Institute stagnating without any "E"

increase of pay from eight years. On verification of the allocation statement now sent by the Director with the gradation list of the officials actually working in the Institute as also with that of those proposed to be confirmed, it is seen that the allocation proposed for the benefit of the Laboratory and Research Sections are in order but in the case of clerical Establishment, out of eight persons proposed to be allocated only the Head clerk Mr B. V. Rangappa and three other clerks viz Messrs B. N. Byatrayappa K. Munihanumaiah and N. Veeraswamy have only permanent liens in the Institute though they are actually working in places other than the Institute while others have neither permanent liens in the Institute nor actually now working in the Institute. The office note against each official proposed in the allocation is submitted for orders.

6) The extra expenditure involved in the above proposals of the allocation is estimated to about Rs 300/- under "Establishment" in the budget of the Institute. The Director of Agriculture proposes that this extra expenditure may be out of the large profit realised by the Institute.

10) The Director has sent up fresh proposals of allocation in pursuance of the letter dated 31.8.42. It happens, however, as explained in para 4 supra, that while the allocation in regard to the officials in the Laboratory and Packing sections confines itself to officials actually working in the Institute, that was not so in regard to officials in the Office section, which confers the benefit on several (six of them, out of eight) who are not actually on duty at the Institute. It is urged by the Director that if officials actually working were to get the benefit of the revised grades, the benefit would go to several who are comparatively juniors and form an inferior position. A perusal of the gradation list shows that only two are (messrs. A.N. Krishnappa and S. Subramanyam) are recruits and that the others have put in over ten years of service. The first point for consideration is whether it would be desirable for placing the two (who have barely put in 1½ years of service) in the revised grades. In any case, Veerasetty, who is already working in the Institute though acting in a higher grade would have to be confirmed in the place in which A.N. Krishnappa is now acting, and if it is decided that S. Subramanyam cannot, being a junior, be given the benefit of

the revised grade, K. Muthanna who, though not actually working in the Institute, has a permanent lien here, may have to be placed in that grade.

11) The allocation of A. Narayanarao who is a permanent official of the Institute and who is also actually working here may be approved.

12) As regards the three (five) other officials, none of them is actually working in the Institute, and the point for consideration is whether they are to be excluded from the allocation in view of the principle already formulated (that those actually working in the Institute should get the benefit of the reorganization) or whether in viewing what the Dir. has recommended, these are to be considered. Of them, B.V. Ramappa & B.M. Ryatarangappa have permanent liens and the three other places are now shown as vacant. It is seen that when the officials actually in the Institute in the places of B.V. Ramappa, D. Narayana Rao, and Bhimappa (namely, B. Ramappa, V. Krishnamurthy and Abdul Rahiman Sheriff) are those who have put in several years of service and are fully qualified. The case of these officials are therefore for orders.

13) The allocation of the officials in the Laboratory & Packing sections being in order, may be approved.

14) The financial secretary may be consulted.

(Contd. Seq.) 15) It is clear from the letter dated G.O. of 14.8.41 that the reorganisation must apply only to the officials actually working in the Sericulture Institute.

Requests that his proposal re: allocation of the establishment of the Serum Institute, may be reconsidered and sanctioned.

33) The main object of the G.O dated 14.8.1941 sanctioning the revision of scales of pay of clerical and subordinate technical staff of the Serum Institute was to improve the prospects of the officials then working in the Institute stagnating without any increase of pay from eight years. As the allocation proposed by the Director was not with reference to the staff actually working in the institute according to this G.O, the Director was requested to send a separate allocation staff accordingly. But the Director, instead of forwarding a separate allocation statement, requests that his previous proposal of allocation of the staff may be reconsidered and sanctioned on the grounds that if the officials actually working at present in the Institute were to get into the revised grades, the benefit would go to several who are comparatively juniors and recruits and that this would upset the established

seniority of clerks.

34) The Director urged the same proposal previously, on the same grounds, twice and failed (vide his letters dt 30.6.42 and 11.11.43.) Inspite of this, the Director presses his proposal again for reconsideration. If, in any case, in view of the reasons stated by him, his proposal has to be considered favourably, it is for consideration whether it is not necessary to know in the first instance, the names of the officials actually working in the institute on 14.8.1941 i.e at the time of sanctioning the reorganisation, in order to verify whether the names of the officials then worked and stagnated without any promotion have been recommended in the allocation statement which is now under consideration.

39) The facts of the matter are these:-

In April 1941, the Director of Agriculture, in forwarding a report from the Superintendent, Seeds Institute, proposed that the several posts in the Seeds Institute which were on fixed pay from a long time may be converted into graded ones, as our officials in these posts had stagnated on their fixed pay for years together and as it would facilitate interchange of officials between the Institute and the other sections of the agricultural department. In the G.O. dated 14.8.41, the Director's proposals were sanctioned with a slight modifications. It is seen from this that the main idea in giving a revision of the scale of pay was to benefit those who had stagnated on fixed pay in the

Flag E

Institute for several years and to enable them to earn periodical increments.

40) In June 1962, following the revision of the Scales, the Director forwarded an allocation statement (Enclosure to F(ag F)), and suggested that as the Institute was part of the Department and as some clerks had been transferred from there to the other section of the Department, it would be necessary to consider the claims of all the clerks in the Department as a whole, as per their seniority. The allocation statement was in accordance with this principle, but as may be seen from paras 4 to 9 of the note in the CMs 1-62, it was contrary to the spirit of the G.O. dated 14.8.62 as the latter laid emphasis on the fact that the officials of the Institute who had stagnated in pay for several years ought to have their prospects improved, and not on the seniority of these officials or of the officials in the Department taken as a whole. The allocation proposed was therefore not sanctioned, and it was agreed that the allocation must confine itself to the officials actually working in the Institute.

41) The present Director has forwarded a revised allocation statement in pursuance of this order, but as pointed out in the notes supra, while the allocation in respect of the

Laboratory and packing section in respect of with regard to officials who have been and are actually working at the Institute, that in regard to the clerks is not altogether in respect of officials actually working at there at the present time. In this G.O. letter dated 21.2.44, the Director was requested to revise the Statement in the light of the data given in answer 42, but the Director recommends the sanction of the same allocation Statement for the reasons mentioned in the D.O. letter dated 20.6.44). It is urged that the basis of revision was that need to safeguard the prospects of the officials who stagnated at the Institute on fixed pay, that on account of the transfers that have taken place in the meanwhile, the officials now actually working at the Institute are either juniors or recruits who have not put in any appreciable amount of service either at the Institute or elsewhere, and that his proposals are in accordance with the spirit of the G.O.

42) It must be mentioned that the present proposals are wholly different in principle from those forwarded in 1942. The proposals are at present confined to those who actually worked and are working for a number

of years in the Institute while those from other departments proceeded. The Director based on the basis that the Institute was a part of the Department and that the allocation had therefore to be made according to seniority as taken into account in the Department as a whole. It is now emphasized that the benefit of reorganization must be given to those who are working for a long time in the Institute, which the viewpoint that has been stressed in the communication from Govt. to the Director is that it should go to those now working in there. There seem to be a good deal of force in what the Director says in regard to those who worked at the Institute for a number of years, as the fundamental idea was to benefit those who were there long. The fact that they are not actually working at Colaba now is an accidental circumstance, as if they had all been continued at the Institute alone, there would have been no question in regard to their getting the benefit. This seems to be particularly true of those who have permanent lien on the establishment of the Institute. The Director has also provided a list of those who were actually working at the Institute or had permanent lien there on the date of the G.O. This list may be expected to give a fair indication of those whose betterment the Director might have had in mind while proposing the revision of

Allocation of the Establishment of the Serum Institute 15

Scales in 1941.

43) The proposals of W Director are for orders in this circumstance. If it is decided to proceed to pass orders on the present allocation statement, the notes in respect of each of officials attached to the statement are for consideration. The financial Secy. may be consulted.

(Edn 25/7)

51) The Secretary for Education was pleased to order ~~[illegible]~~ that the list might once again be ~~[illegible]~~ checked and full particulars submitted regarding the names of officials proposed to be given the benefit of the Reorganisation

Kind reference is invited to the latest list furnished by the Director of Agriculture.

For T.

52) The list clearly indicates the names of officials who were permanently borne and who were actually working in the office of the Supdt. Mysore Serum Institute Hebbal on 14-8-1941 (the date of Reorganisation).

53) The Director of Agriculture was definitely

informed in September 1942 that the benefits of the Reorganisation should be applied to the officials actually working in the Serum Institute.

54) In pursuance of the above instructions, the Director has submitted statements of allocation for sanction.

There are 3 sets of officials who come under the above category:-

(1) Officials who were not actually working in the Institute at the time of reorganisation and who are now employed in the Serum Institute

(2) Officials who were working in the Institute at the time of reorganisation and who are continuing in the Institute even after reorganisation.

(3) Officials who were working for a considerable number of years ~~to~~ in the Institute and for whose benefits the reorganisation was ordered and who are now working elsewhere than in the Institute.

55) With regard to item (1) neither the

Govt nor the Director desire that such Officials need be thought of in this Connection. No action is therefore necessary in respect of this Class of Officials

Re (2) it is submitted that in respect of this class of Officials, it presents no difficulty as the reorganisation was ordered for their benefit.

Item (3) :-

It is only in respect of this group of Officials that there has been some Correspondence with the Director, the sole Consideration being that the benefits of the reorganisation should be extended only to those cases for which the reorganisation was given effect to.

5b) In the statement now received in this office, it is seen that excepting certain clerks, all others (Laboratory Assistants, Mechanic, Carpenter etc) have been in the Institute even prior to 1941 except Mr Devarajan.

T

66) What about him? 29/7

p.T.O

57) To sum up, the cases of the following clerks have to be considered :-

(1) Mr B.V. Rangappa
(2) " S. Visvanatha Sastry
(3) " D. Narayana Rao
(4) " K. Munihanumayya
(5) " H. Krishna Murthy

58) In respect of the above officials the Director has stated that these officials ~~were transferred~~ actually worked in the Institute for a number of years even prior the date of reorganisation, and stagnated on fixed pay for several years and due to the above considerations the grades were revised.

59) These officials are stated to have been transferred to other sections in the same department in account of administrative convenience ~~and~~ but deserve to be granted the benefits of the reorganisation.

60) It is stated that Mr Rangappa has a permanent lien on his appointment in the Sericulture Institute and as such there may not be any difficulty in including his name in the

No. 1

allocation Statement.

61) This holds good in the case of Mr K. Munikanniayya also who is stated to have a permanent lien on his appointment in the Sericulture Institute.

No(4).

62) With regard to members (2), (3) and (5) Messrs S. Visvanatha Sastry, D. Narayana Rao and H. Krishna Murthy Rao, it is submitted that the Director, ~~has~~, with a view to regularise the procedure and also with a view to enable these officials to reap the benefit of the Reorganisation, has proposed to absorb them in 3 permanent vacancies which have fallen vacant in the Institute. With this, these 3 officials who were stagnating for long years in fixed pay and for whose benefit the reorganisation was sanctioned, will once again be borne on the establishment of the Sericulture Institute and reap the benefit of the reorganisation which in the opinion of the Director is due to them.

63) The allocation Statement submitted by the Director will appear to satisfy the audit requirements in view of the above arrangement proposed by the Director.

From
The Comptroller to Govt
No. 243/B-1 Dt. 4.11.1944
Forwards duly verified the Statement of allocation of the establishment of the Serum Institute received from the Director of Agriculture.

84) The Director of Agriculture has now sent a revised list of allocation of officials of the Serum Institute which has been duly verified by the Comptroller. The list now received deals with cases of officials for whose benefit the re-organization was sanctioned during 1941 and the scales of pay were revised in Government Order dated 14th August '41. These officials had stagnated on a fixed pay for several years and as such their scales of pay were revised during 1941 so as to enable them to earn periodical increments and to facilitate interchange of officials between the several sections under the control of the Director of Agriculture.

85) The allocation statement now received deals among others the cases of the following officials for whose benefit the re-organization was ordered during 1941 and who were subsequently transferred to other offices under the control of the Director for administrative purposes:-

1. Mr. B.V. Rangappa
2. " S. Visvanatha Sastry.
3. " D. Narayana Rao
4. " K. Munihanumiah
5. " H. Krishnamurthy.

86) With a view to enable the above officials ~~for whose~~ to derive benefit, of the revised scales of pay ~~of the establishment of the Serum Institute were revised during 1941~~, the Director proposes to ~~re-transfer them to the Serum Institute from the date of~~

the receipt of the Government Order sanctioning the allocation.

87) It is submitted that the scales of pay of the establishment of the Serum Institute were revised in G.O. dated 14th August 1941 and so far no allocation of the officials therein has been given effect to ~~in the revised grades~~.

88) The Director reports that the officials referred to on the previous page ~~that they~~ worked in the Serum Institute for a number of years and stagnated on fixed pay and the reorganization was intended mainly for the benefit of them including those mentioned in the statement. It is also stated that these officials stood to lose the allowances they were drawing while in employment in the Serum Institute on their transfer to other offices under the control of the Director.

89) The statement has been verified by the Comptroller and that officer has recommended that the proposals of the Director may be approved.

90) The Comptroller, however, points out that according to Rules, Mr. K. Munihanumiah has to be confirmed on Rs.35/- with effect from 1st August 1941 instead of at Rs.50/- as has been recommended by the Director for reasons mentioned against the name of the official on page 4 of the statement. The pay to be given to Mr. Munihanumiah is for orders. (Sl NO 5 on page 4 of the Statement)

91) Submitted for orders with reference to Financial Secretary's minute in paras 79 and 80 of the notes.

92) The Comptroller has verified the Statement & allocation and points out that Mr. Munihanumiah (S.No 5 of the Statement) can be confirmed on Rs 35 from 1.8.41 and not on 50 and if he has to be confirmed on 50 Govt order is necessary. If it is deemed necessary to increase his pay he may be given some advance increments

95) In the case of Mr. Manikanamiah the Comptr has pointed out that he is entitled to get Rs 35/- alone under the Rules. As he is reported to have stagnated in the Institute for over 11 years on Rs 30/- he may perhaps be given one or two advance increments in grade 30-5/2-60. The Dir has recommended the grant of 3 increments which would normally require 6 years to earn.

96) The Dir proposes to recall the officers now working elsewhere in the Dept ~~from the date of~~ soon after orders are passed on his proposals.

97) He is already working as an Asst on Rs 60. He may be given ~~as Mr mg~~ will get as Mr mg 40 from 1-8-43 and 45 from 1-8-45. He may be given 45 from now & 50 from 1-8-45

OFFICE OF THE MINISTER FOR L. S. G. & P. H.
Date 4.12.44
No. 4432

98) The allocation should be confined only to officials who were permanently borne on the establishment of the service on 16.8.61 the date on which the reorganisation was sanctioned. S. Krishnamachariar, A. Narayana Rao and K. Krishnamoorthy cannot be allowed in the revised scales as they were not permanently borne on the service on 16.8.61. Rangappa may be allowed as proposed by the Director. In the place of Muthanna retired, Muthuswami who is qualified (by passing the examination) may be allowed and given the minimum of the grade Rs. 60-6-80 from the date of retirement of Muthanna. The question of giving advance increments need not be considered. Nyatarayappan, Veeraselvi, P. Venkatarayappan, A. Narayana Rao may be allowed against the first 4 vacancies in the grade 30-$\frac{5}{2}$-60, 12.6 being fixed in the revised grade as proposed by the Director. Venkata Rayappa may be fixed on the permanent pay he is now getting against the remaining 4

two vacancies in the grade 30 - $\frac{5}{2}$ - 60. The other officials now working ~~[illegible]~~ in the institute may be allocated. With the above modifications the Director's proposals may be sanctioned and orders ~~[illegible]~~ issued without further delay.

101) The Statement has slightly been altered in obedience of the orders of the Minister.

102) Some doubt is felt by this office re- the following items and orders are solicited in respect of them:-

(1) The relative rank of Mr P.Y.

Venkatarayappa in the Cadre of Clerks ~~in Grade~~ Rs 30-5/2-60. and the ~~pay~~ date from which he has to draw the pay he is now drawing as Sevi. Inspector, ~~as~~ in his new post as Clerk of the Institute.

(2) Whether the above Official has to be transferred to the Institute as clerk and the Director requested to do so.

(3) Whether in respect of the last two places in the Cadre of Clerks on Rs 30-5/2-60, the Director may be requested to suggest the names of officials to be allocated in the grade and action taken subsequently to give effect to this item.

(03) In respect of item (1) referred to above, it is submitted that Mr P.Y. Venkatarayappa has been shown as Senior to Mr N. Veera Setty and on this basis, his name has been shown above Mr Veera Setty in the ~~Statement~~ appended to the draft G.O. subject to approval.

Rank of Mr Venkatarayappa

With regard to the pay Mr Venkataraayappa is getting as Agricultural Inspector, no information is available in this office. As seen in the Statement appended to the draft, it has been stated that "he will be fixed on the permanent pay he is getting elsewhere".

104) Orders are solicited as to whether further information in this behalf may be called for from the Director and ~~the date~~ orders issued subsequently in respect of the date from which he will draw his pay as clerk in the Institute.

105) According to the statement furnished by the Dr. Sri Venkataraayappa is senior to Sri Veera Setty. So the same rank has been adhered to while allocation. Though the ~~order~~ rank is in the reverse order in the minute of the Minister four names have been mentioned therein. and it is not made out in what order it is likely that Sri Venkataraayappa might be affected when the question of seniority comes in while promoting to next higher grades. So this reversal of the rank may kindly be approved.

106) The G.O. may be issued with the remark that separate orders will issue as regards the allocation of hands for the 7th & 8th vacancies in the list. This is proposed with a view to expedite the issue of the G.O. as getting information as regards the man to be allocated for the last 2 places may take some time

Allocation of the Officials of the Serum Institute in the revised grades

2102-√A497 From The Director of Agriculture 34

120) As regards the allocation of the officials to the two places in grade 30-5/2-60 of the clerks in the office Branch of the Serum Institute, The Director of Agriculture states that there are at present no officials now working who Could fulfill the principle of allocation.

121) It is also stated that two men notes in the margin, now working in The institute are new recruits who have put in about two months service.

1. G Venkataswamy
2. Y. N. Venkatraman

122) In The circumstances, the allocation of The officials to the two places referred to are for orders

123) Dfl- G.O already submitted is also for orders

Sw
31.3.45

124) The Directors letter is for perusal

125) It is Stated that, ~~in respect of~~ for the two last places in grade Rs 30-5/2-60 in respect of which further proposals of the Director were called for, there are no officials who Could fulfil the principle of allocation and ~~therefore~~ those who are now working are recruits, two of them having put in only 2 months service

It is assumed ~~that~~ from the Director's letter that he is not in favour of allocating the last two places in grade Rs 30-5/2-60 from among the officials now working in the Serum Institute, which fact has not however been made clear by him.

126) It is therefore for orders as to whether the two places may be kept vacant ~~[illegible]~~ without allocating any officials therein.

127) The Director has further pointed out that Mr P.Y. Venkatarayappa who is now proposed to be allocated in grade Rs 30-5/2-60 had no permanent lien on any appointment in the Serum Institute, his lien was shifted to that Institute for administrative convenience, he worked in the Institute in the year 1939-40 in a leave vacancy for 6 months, his permanent lien was shifted as a clerk in grade Rs 30-5/2-50 in the office of the Agricultural Chemist from 1-3-1943.

128) The official is stated to have been confirmed as Agricultural Inspector and is working as Head Master Samanabelin Agricultural School.

Fly T.

In view of this, it is a point for consideration as to whether Mr. Venkataraayappa may be allocated in grade Rs 30-5/2-60.

129) It is submitted that it has been ordered that the allocation should be confined to such of the officials as had a permanent lien on an appointment in the Institute on 1-8-1941

page 98 of the notes.

130) ~~According to~~ from the Director's latest letter it is assumed that three places in grade Rs 30-5/2-50 cannot be allocated as the 3 officials (Mr Venkataraayappa and two others) do not satisfy the condition that they were having a permanent lien on a post in the Institute on 1.8.1941. The Director has not definitely stated to this effect but has left this office to assume so.

131) orders are solicited as to how the 3 places in grade Rs 30-5/2-60 have to be allocated.

131) permission is respectfully solicited to submit that the Director in correspondence ending with letter of 7.9.1944 proposed the allocation of Messrs D. Narayana Rao and M. Krishna Murty in two places in grade Rs 30-5/2-60. Kind reference is invited to the L.S.G. Minister's Minute of 3.2.1945

133) The question relates to giving effect to Government Order No. A.F.831-2/A.H. 163-40-2 dated 14th August 1941, in which the re-organization of the clerical and subordinate Technical staff of the Serum Institute was sanctioned by Government. Though the order was passed as early as 1941, there has been no allocation of officials against this order till now for various reasons.

134) The question was freshly taken up on 30th August 1943 for examination and while there is no difficulty about the allocation of officials of different sections, the main difficulties have cropped up in respect of the clerical establishment of the office. It was stated that the re-organisation was proposed for the benefit of the various classes of officials that had stagnated for a long time, but that, in the meanwhile, by the time the Government Order was issued, some of these clerks had been transferred elsewhere and that it will be rather hard if these people ~~are~~ were denied the benefit of re-organisation and people who are now working there are given the benefit.

Supervisors 1/5.

135) The whole question has been gone into in detail and the Minister has been pleased to pass final orders to the following effect - vide para 98.

136) Against two places on Rs 60-4-80, Messrs B.V.Rangappa and K. Munihanumiah will be allocated.

137) Against four places on Rs 30-5/2-60, Messrs Byatarayappa, Veera Setty, Venkatarayappa and Narayana Rao will be allocated.

138) As regards the last two places, the Minister's order is that the two officials now working there may be allocated. The Director, however, states that at present recruits have been working there

since two months. It is for orders if these two recruits may be allocated which they seem entitled to or whether the Director may be asked to fill them as per rules of recruitment.

139) Regarding Mr. P.Y.Venkatarayappa, the Director says that he is at present working as Headmaster, Somanhalli Agricultural School, [getting a pay of Rs] and that he cannot be drawn back from there. The Minister's order is that he may be fixed in the pay he is getting in that grade. He may perhaps be fixed permanently here and shown on other duty at the school, the vacancy in the Institute being given to the seniormost official in the department.

140) It may be stated that it may not be quite correct to say that the re-organisation was sanctioned only for the benefit of certain individuals. It seems to have been sanctioned in the general interest of service so as to attract the proper type of officials for the several classes of appointments in the Institute as also to secure better contentment and satisfaction of reasonable aspirations of the existing staff.

141) The other point for orders is from what date the benefit of the revised scale is to be given. Is it from the date of the original order of 1941 or from the date of issue of the present order? The former course presents certain major difficulties and besides incurring of a heavy additional expenditure, and it will also be difficult to find out who were all working in the department during the period, and whether those that actually worked should not get it in preference to those who were ~~technically~~ actually there in 1941. It may therefore be given effect to from the date of issue of the present order, which will mean avoidance of this unnecessary expenditure and also not raise the difficulties anticipated.

A draft of a G.O. is put up.

It has been ordered that the allocation of officials may be given effect to from the date of order.

It is usual to sanction fixed proposals from the date of orders of highest authority. In this case, the Dewan has been pleased to sanction the proposal on 5.5.1945.

(1) point for orders

At this basis the proposals may be sanctioned from 5.5.1945.

With regard to the pay of Mr Rayappa Hegde the Director recommends that he may be fixed on Rs 80/- from the date of his being posted back to Secretariat.

(2) point for orders

This fact has been mentioned in the Statement.

Subject to approval

In respect of the pay of Mr K. Muniswamaiah in grade Rs 60-4-80. the Minister has been pleased to order that the Official may be started on the minimum pay from the date of retirement of Mr Muthanna. This fact has been mentioned in the ~~draft~~ statement appended to the draft

OFFICE OF
The Director of Agriculture
in Mysore, Bangalore.

Date 11th November 1943.

To

R. P. Mallappa, Esq., B.A., LL.B.,
General Secretary to Government of
H. H. the Maharaja of Mysore, Bangalore.

Sir,

Subject:- Allocation statement of the Serum Institute.

"H" Agri

With reference to your letter No. A.F. 1663/A.H. dated 18-10-1943, I have the honour to submit herewith a gradation list in respect of the officials proposed to be allocated in the revised grades and also of those who are now actually working in the Institute.

In this connection I may also state that excepting in the clerical Establishment, all others have been actually working in the Institute for the last several years and have stagnated on fixed pay without any promotion. As regards clerks, I may state that many of them have since been transferred to other sections in this Department, and as such the clerks now actually working are either recruits or juniors as could be seen from the enclosed gradation lists. I have therefore proposed for the allocation of the old clerks who actually worked in the Institute and stagnated on fixed pay for several years, in consideration of which the grades were revised in Government Order No. A. F. 831-2/A. H. 163-40-2 dated 14-8-1941 and I feel that it is only fair that these clerks should be given the benefit of the revised grades in preference to the junior clerks who have been posted to the Institute only very recently.

"E"

I request the favour of early approval of Government for the proposed allocation.

I have the honour to be,
Sir,
Your most obedient servant,

I BRANCH

Sir,

Subject:- Allocation of the establishment of the Serum Institute, Bangalore.

With reference to your letter No. A.F.4636 A.H.42-43-4 dated 21-3-1944 calling for a revised allocation statement in respect of the establishment of the Serum Institute, I have the honour to state that the pay of the staff of the Institute was revised in G.O.No. A.F.831-2/A.H.163-40-2 dated 14-8-1941 in consideration of the fact that the officials were stagnating on fixed pay for a number of years as has been stated in the Government Order itself. But in the meanwhile most of the clerks in the Institute were transferred to other sections in the department on account of administrative convenience, and as such many of the clerks now actually working are either juniors or recruits, who have been posted to the Institute only recently. It seems therefore only fair that the benefit of the revised grades sanctioned for the Institute is given to those who actually worked there and stagnated on fixed pay for several years, in consideration of which the reorganisation was sanctioned. However, I feel that while sanctioning the reorganisation, it was the intention of Government to give the benefit of the revised grades to those who were then working (i.e., at the time of Government Order of August 1941) in the Institute and had stagnated on fixed pay, and not perhaps to those who by chance happen to step into those places after the Government order. Most of the clerks now working in the Institute, are far juniors in the Department (some of them being mere recruits) and they have not put in any appreciable length of service in the Institute nor have they been holding the posts substantively (vide the enclosed statement). If such juniors in the Department are allocated in the revised grades in the Institute in preference to those who worked there for several years, I am afraid it will result in anamolous position, thus upsetting the established seniority of the clerks.

P.U.D.

In these circumstances, I request that Government may be pleased to reconsider my proposal (vide my letter No. Est.329-1426/40-41 dated 30-8-1943) for allocating the clerks who are having their permanent liens in the Institute and also those who actually worked there for a number of years and stagnated on fixed pay, in consideration of which the reorganisation was sanctioned. I may also be permitted to state that this proposal I believe is in accordance with the spirit of the Government Order dated 14-8-1941 sanctioning the reorganisation and also your subsequent letter No. A.F.1446/A.H.1-42-2 dated 31-8-42 and I feel that it is desirable to allocate the old incumbents alone in these places in the interests of the work of the Institute as well.

In this connection, I may also state that there has been no such transfers in respect of others such as Laboratory Assistants, Mechanic, carpenter etc., and as such they are all entitled for the benefit of the revised grades with effect from 1-8-1941.

As regards the Salustry working as typist clerk, I may state that it is A.Narayana Rao who is a qualified typist that is working as typist clerk for the last over 10 years and C. Nagiah (who does not know -

know typing) as stated by the Comptroller; and it is not known how the name of C. Nagiah is shown as typist clerk in the audit office.

I request the favour of very early orders of Government in the matter.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

Comptroller's Office, Bangalore.

No. 243/B.1

Dated the 4th November 1944.

The Secretary to the
Government of Mysore,
General Department,
Bangalore.

Sir,

In forwarding herewith, duly verified, the statement of allocation of the Establishment of the Serum Institute received from the Director of Agriculture with his letter No.Est.329-1426/40-41 dated 7-9-44, I have the honor to state that the proposals of the Director of Agriculture may be approved subject to the following remarks regarding the fixing of the pay of the clerk Mr. K. Munihanumiah on Rs.50/- with effect from 1-8-41.(Vide item No.5 of the Office Section).

This official was getting a pay of Rs.35/- (with no C.A.) in the Serum Institute on 1-8-41. He is now O.O.D. in the office of the Senior Assistant Director of Agriculture, Grow More Food Campaign, as acting Accountant on Rs.60/-. If the principle applies in other cases is adopted in this case also, he should be confirmed on Rs.35/- only with effect from 1-8-41. Therefore the Director's proposal to fix him on Rs.50/- from 1-8-41 is for the orders of Government.

I have the honor to be,

The Comptroller to the Government
of Mysore, Bangalore.

Sir,

With reference to your letter No.A.F.845/A.H.42-43 dated 11th August 1944 calling for a revised statement of allocation of the establishme nt of the Serum Institute, I have the honour to forward herewith a revised statement in this behalf and to request that Government may be pleased to sanction the allocation of the officials in the new grades as detailed in the statement appended hereto. I may in this connection invite reference to my letter No.Est.329-1426/40-41 dated 20-4-1944 explaining the circumstances in which the names of certain officials who are not at present working in the Institute were included in the allocation statement and to state that although they are not actually working in the Institute at present, they worked there for a number of years and stagnated on fixed pay and the reorganisation of the establishment of the Institute was intended mainly for the benefit of these officials including those mentioned in the statement. In fact the reorganisation of the staff of the Institute was recommended to Government with a view to afford some relief to these officials along with others and it would not be fair to deny them the benefit of the revised grades merely on the ground that they are not at present working in the Institute, and while effecting such transfers it was not expected that they would be denied the benefit of the reorganisation as a result of such transfers which were given effect to for the efficient discharge of work in other sections coming under the administrative control of the Director and I trust that Government will kindly treat such transfers as not affecting the legitimate claims of these officials for purposes of earning the increments in the revised grades. I may also add that

that as a result of transfers of these officials to some other sections of this Department most of them were not benefited in any way by way of increase in emoluments and on the other hand they stood to lose the allowances they were drawing at the time of transfer. They however continued to work in their new posts with the fond hope that they would be subsequently afforded the benefit of the new grades. Some of these officials have worked in the Institute almost since its inception.

While sanctioning the reorganisation in the year 1941, it was not the intention of Government to give the benefit of the revised grades to those who by chance happen to be working now in the year 1944, many of whom are mere recruits and have not put in any appreciable length of service in the Institute now have become eligible for the benefits of reorganisation by holding the posts substantively. It is evident therefore that the intention of Government was to give the benefit of the revised grades to those officials who actually worked there for several years and stagnated on fixed pay in consideration of which the reorganisation had been proposed.

In these circumstances, I request that Government will be pleased to take these special circumstances into consideration and permit the officials referred to above to draw the salaries mentioned against them in the statement.

In this connection I may also add that some of the officials who are now working in other sections and are proposed to be allocated in these posts will be posted back to the Serum Institute as the grade 30-5/2-60 does not exist elsewhere in the Department and the others continued as O.O.D. (as detailed in the statement) acting benefits given to those who are now actually working in their places as desired by Government.

I request the favour of very early orders of Government in the matter.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

Dear Sir,

"M" "K" With reference to your D. O. letter No.A.F.4360 dated the 26th March 1945 re: the allocation of the officials of the Serum Institute in the revised grades sanctioned by Government, I write to state that Government Order No.A.F.831-2/A.H.163-40-2 dated 14th August 1941 sanctioning the revision contemplated that the benefit should be given to the officials who are stagnating without any increase in their pay for the last eight years with no prospects of getting any promotion even in the near future'. I now note that your D. O. letter referred to above enunciates the principle that the allocation should be confined to the officials who were permanently borne on the establishment of the Institute on 14-8-41. The details regarding the four of the officials who are proposed to be allocated are as follows:-

(1) Mr. B. N. Byatrayappa. He worked in the Serum Institute for 13 years.

(2) Mr. P. V. Venkatarayappa. His lien was shifted to the Serum Institute for administrative convenience. He worked in the Institute in the year 1939-40 in a leave vacancy for a period of 6 months. Later his permanent lien was shifted as a clerk in grade 30-5/2-50 in the office of the Agricultural Chemist, Bangalore with effect from 1-3-43. He is now Agricultural Inspector, working as Head Master, Somanahally Agricultural School.

(3) Messrs. N. Veera Setty and A. Narayana Rao. These officials served in the Serum Institute for 11 and 12 years respectively.

As regards the allocation of the officials to the two remaining places as suggested in your letter, there are at present no officials now working who could fulfil the principle of allocation enunciated in para one of your letter. The two men that are now working there are.-

1. G. Venkataswamy on leave now, working there since October 1944.

2. Y. N. Venkataramiah is only a recruit, not yet passed Accounts Examination; and Dasappa, a locally available backward community candidate. These two men are new recruits who have put in about two months' service.

"M" Your D. O. letter has not mentioned the names of persons allocated to the two higher grades, viz., 60-4-80.

Yours sincerely,
